A passionate Front-end developer trying to get his foothold in the industry.

EDUCATION

- Highschool**
Colegiul tehnic "Alesandru Papiu Ilarian"
2011 - 2015 Zalau

WORK EXPERIENCE

- Operator**
Michelin
03/2017 - Present Zalau
 - Achievements/Tasks*
 - Was chosen to be part of a plant modernization project, being the main operator responsible for ramping up the newest machinery Michelin can offer.
 - Became the shift leader and am responsible for ensuring everything runs smoothly for my team so we can meet our quotas.
 - Tutoring new operators, teaching everything from A to Z regarding the plant, machine, security, quality, as well as integrating them into our work culture and being responsible for their well being.
 - Numerous volunteering experiences, organized by Michelin for our local community.

TECH

PERSONAL PROJECTS

- Personal Portofolio**
 - A personal portofolio containing all of my projects and a little bit of other details about me.
- Google Books**
 - Consuming Google's REST API, it displays books on search.
 - Completed in vanilla JavaScript using the MVC architecture.
- Delicios Restaurant**
 - A fully functional food ordering website.
 - Easily add, remove or modify products on the back-end dashboard. The user can view the restaurant's menu, add to cart and buy products.
 - Created using React, Next JS, Stripe for payment and Sanity for the back-end.
- Entertainment Web App**
 - A movie/TV series application.
 - Conditionally renders movies from a data object. Gives the user the ability to search for their favorite movie.
 - Done in vanilla JavaScript, using the MVC framework.

CERTIFICATES

- Designer Pagini Web Acreditat - Azimut Vision**
A bootcamp I've completed in Cluj-Napoca.
- Udemy**
Everything I know about Frontend was taught by numerous courses on Udemy, as well as a lot of personal projects or challenges.
